In a small wooded lot a busy woman stumbles upon a strange doll the neighbors possibly left. She attempts to reveal who brought the toy to her home, but she uncovers no real leads. Then when a letter turns up asking her to give the doll away as soon as possible, she ends up on the edge of reason as the doll is in the midst of being reclaimed by someone. The doll although small and cuddly resembles a somewhat black entity similar to a doll she keeps in her home, but when a nearby psychic and fortune teller comes to her home asking her to give up the doll to keep her sanity, but she refuses. The stuffed animal then turns out to be more then she bargained for when the bear starts to grow a tail and red eyes. When she discovers those details, she desperately tries to send it

away to a pawn shop owner, but the next day he ends up dead, and a new feeling that the stuffed bear may not be what she considered a stuffed cuddly toy anymore. The story focuses on the character of Mary, and the stuffed bear that she suddenly inherits when the doll is left on her doorstep. She finds that although the stuffed bear did have an owner, he ended up in a mental institution, and the bear was simply left behind, either by someone else or the bear itself. She doesn't want to come to the terms that it could have ended up on her doorstep, by itself, but when the tale that the previous owner claimed is finally revealed, she desperately searches for an answer to the horror of Truggle.

The loss of a loved one can cause seasonal grief. Seasonal grief, or grief that occurs at a period of time or event, can recur for many years following the loss. Grief Work Diaries and Grief Work Journals are a recommended coping tool for exploring the grief cycle and emotions that arise after the loss of a loved one. When completed, grief diaries tell the story of daily life through the cycle of grieving, forever giving you a written account from your perspective.. Grief journals and diaries allow you to not only express the feelings that arise after death and loss, but to review your progress through the stages of grief. You need to take time to pause, reflect, and focus on yourself. It is important to express any feelings you may have during the grieving process. Grief work journals and grief work diaries allow you to record thoughts, emotions, and feelings that otherwise may be lost or overlooked. Death and loss can cause intense emotions. Many report feeling relieved or more at peace after expressing these feelings in a grief journal. Reflection through the process of grief is important. Reflecting on a previous state of mind allows you to understand how far you have come. The grief cycle is not always a fluid process, which makes frequent reflection all that more important. It is important to note the changes in mindset and yourself through your writing.

"Time is no more for the fifteen hundred souls who perished with them; but Honour and Glory, by strange ways and unlooked-for events, have come into their own. It was not Time, nor the creatures and things of Time, that received their final crown there; but things that have nothing to do with Time, qualities that, in their power of rising beyond all human limitations, we must needs call divine." "To say that all the men who died on the Titanic were heroes would be as absurd as to say that all who were saved were cowards. There were heroes among both groups and cowards among both groups, as there must be among any large number of men." "In such moments all artificial bonds are useless. It is what men are in themselves that determines their conduct; and discipline and conduct like this are proofs, not of the superiority of one race over another, but that in the core of human nature itself there is an abiding sweetness and soundness that fear cannot embitter nor death corrupt." The story of the sinking of the Titanic based on first hand accounts collected in the days and weeks following the disaster. The story of the Titanic is now well known, but in the months following the disaster wild speculation was rife. On Thursday 22 May 1912, a mere 37 days after the sinking, respected London publisher Grant Richards, delivered Filson Young's book to booksellers around the capital. It was the first attempt to plot the demise of the unsinkable ship from a well-respected writer who had already argued in the light of the Oceana sinking, for proper use of the wireless on

board ships. Both Filson and Grant knew victims of the sinking and both worked hard to gather first-hand testimony to use in the book. Much of his telling of the story still stands today and his speculations about the feeling of daily life aboard the doomed ship are used in books and films on the subject.

***A teenage boy uncovers a horrific family secret. A widower seeks vengeance on the creatures that killed his wife. A drug addled writer stalks the woman of his dreams, a woman much more sinister than she appears. A federal agent races to find the cursed relic powering this city full of spooks, spirits, and serial killers. The lives of these and others will collide in the dark and dangerous streets of Adderlass. A seed of evil was planted under Adderlass, a city where monsters hide behind masks of humanity and ordinary people shuffle anesthetized and addicted by the sickly supernatural power wafting up from below. The city was built over the crystalline skull of a bloodthirsty beast. Now, the hunt is on for this lost treasure and whoever finds it first will control the fate not only of Adderlass but of the entire world. Sixteen-year-old Simon Cubbins, young and naive, may be the key to unlocking the mystery buried in this twisted labyrinth of hidden agendas. He also unknowingly harbors a secret that could destroy the Cubbins bloodline. As different characters fight for control over Simon, he will have to decide whether or not to carry on his family's legacy.***

**Each working day from January 29 to November 1, 1951, John Steinbeck warmed up to the work of writing East of Eden with a letter to the late Pascal Covici, his friend and editor at The Viking Press. It was his way, he said, of "getting my mental arm in shape to pitch a good game." Steinbeck's letters were written on the left-hand pages of a notebook in which the facing pages would be filled with the text of East of Eden. They touched on many subjects—story arguments, trial flights of workmanship, concern for his sons. Part autobiography, part writer's workshop, these letters offer an illuminating perspective on Steinbeck's creative process, and a fascinating glimpse of Steinbeck, the private man.**

John Steinbeck wrote *The Grapes of Wrath* during an astonishing burst of activity between June and October of 1938. Throughout the time he was creating his greatest work, Steinbeck faithfully kept a journal revealing his arduous journey toward its completion. The journal, like the novel it chronicles, tells a tale of dramatic proportions—of dogged determination and inspiration, yet also of paranoia, self-doubt, and obstacles. It records in intimate detail the conception and genesis of *The Grapes of Wrath* and its highly though controversial success. It is a unique and penetrating portrait of an emblematic American writer creating an essential American masterpiece.
