These poems resulted from the author's

Download Free Blanket Of Snow

experience in Lithuania during the winter of 2018, when it snowed on consecutive days for two months. Through the large windows of his hotel room he watched

the almost non-stop falling snow. His reflections turned to poetry writing: the changing moods of "Shovel Snow and Sing" followed by "The snow

from "boot tracks now
turned brown." In
another poem, he writes:
"I must admit I'm

In *The Red Snow*, his second work, Greiner turns his keen eye to Alaska's vast wilderness and its most mysterious creature: the gray wolf. Basing his story on careful research and personal

observation, Greiner recounts the lives of the Tanana River Valley wolf pack and the tough, lonely hunter, Jake, who inhabits their valley. In splendid detail, he describes the birth of pups, the victory of the hunt,

and the habits of animals who share the wolves' valley. Yet in describing the beauty, he never forgets the harshness of the Arctic wilderness; Greiner makes the ugly realities of the fight for survival intensely clear.

Quetico Park in northwestern Ontario celebrates its 100th

anniversary in 2009. Long-recognized as a gem among parks, Quetico contains some of the largest stands of old-growth red and white pine in Canada , as well as a diversity of fascinating lichens, carnivorous plants in specialized habitats. The author presents an

Download Free Blanket Of Snow

insightful look into Quetico's natural history as he examines the adaptations that have allowed moose, white-tailed deer, wolves and other mammals to survive. The human history of the park is also explored, beginning with the Objíwa living there when the area was

designated as a park, followed by accounts of trappers, loggers, miners, park rangers, and poachers. Beginning with the retreat of the glaciers, the author combines his thorough research into Quetico's long and varied history with the threads of his own extensive

involvement with the park. The result is a splendid tribute to a very special place.

What's Hidden Beneath, is a collection of poetry and prose discussing the hard to speak topics we tend to keep hidden on the inside. Divided into six chapters of

Download Free Blanket Of Snow

pain, anxiety, love, family, life, and oneself. Each chapter is meant to be a representation of the cognitive feelings that make up a person as a whole. Allowing you to both relate and heal through each word and each picture. This book is to show anyone out there they are never as

Download Free Blanket Of Snow

alone as they think they are. We each live our lives differently, but it's what's underneath that shows us we are all the same. Read this book with an open heart and an open mind. Let it be your voice of reason in the words you could never say. Take it with you

Download Free Blanket Of Snow

whenever you feel no one understands. Keep it as your comfort to look back on when you need it the most. This is for me and this is for you.

"In Confessions, Matthew Fox recounts his personal, intellectual, and spiritual journey from altar boy

to Dominican priest to theologian, and the story of how he eventually found it necessary to stand up to the Vatican. It also tells the story of our times and the Catholic church's efforts at renewal at the Vatican Council, the abortion of that movement by two subsequent

papacies (John Paul II and Benedict XVI), and the price many have paid for that betrayal. Fox was but one of 105 theologians silenced, condemned, and deprived of their livelihood by a papacy that "destroyed theology" and theological discourse, but was the

most visible one in North America. After breaking with the Roman Catholic Church, Fox was confirmed as an Episcopal priest, and began working to reclaim spirituality from the bonds of organized religion while reinventing meaningful ritual through his

is a remarkable story of activism for our times. Three new chapters in th Geappolis is hidden under a blanket of snow until a red crawler tractor saves the day

Keeping Blessing Hill is the story of how two very flawed people built a welcoming home out of a

dilapidated barn, turned a wildly overgrown hill into a garden, and lived out a commitment to honor Christ in every aspect of their lives by opening their hearts to whatever God wanted to do. It turned out what God had in mind was “keeping”: keeping a house and

Download Free Blanket Of Snow

garden, keeping an open door, keeping a strong marriage, and keeping devotion to those things that are eternal. Meditations about joy and glory and wonder mingle with practical household tips, recipes, and amusing stories about a family that knows how to keep life

jolly as readers gain a fresh attentiveness to and perspective on God, nature, and relationships. While "helping" his mother with holiday housecleaning, a boy keeps a watchful eye on the progress of a winter storm. He's hoping for a big snow. A really big snow. Inside, he
