Bullying doesn't end in the hallway anymore—with a smartphone or tablet, it can happen anywhere. According to the Ambassadors 4 Kids Club, one out of every four students is bullied—and 85% of these situations never receive intervention. Parents, students, and teachers alike have amped up discussions on how to solve the bullying problem for a networked generation of kids. Written by bestselling author, Nancy Rue, each book in the Mean Girl Makeover trilogy focuses on a different character's point of view: the bully, the victim, and the bystander. The books, based on Scripture, show solid biblical solutions to the bullying problem set in a story for tween girls. *You Can't Sit With Us*, the second book in the series, tells the story of Ginger Hollingberry, a new sixth grader at Gold Country Middle School. Ginger has been the brunt of teasing and taunting from the queen bee of GCMS, Kylie Steppe, and her so-called Wolf Pack. Kylie and the Pack favor a new and especially hurtful medium of taunting: social networking. What follows is a candid look into the growing world of cruel cyberbullying, showing kids that bullying doesn't always end at school—it can now follow you even into your home and torture 24 hours a day.

Dying with Jesus is for people who are dying and for their caregivers, whether family members or pastoral-care professionals. Each page contains a Scripture passage with a brief commentary, a meditation intended to capture the thoughts and feelings of the dying person, and a response from Jesus. The booklet can be used as a single extended meditation or it can be read a page at a time in any sequence that is helpful. Page headings indicate the theme found in the meditation and can guide the user to the appropriate page for a given moment. The meditations, rooted in the experience of dying people, may help to identify and give words to many painful thoughts and feelings. By reading a given meditation together chaplains, family members, or the dying person may be able to initiate a difficult but necessary conversation. It is hoped that *Dying with Jesus* will reveal some of Jesus' human struggle and will make it accessible to all who are facing the same frightening reality. All who use it are especially encouraged to share the feelings and memories it calls forth. This gift of shared experience will enlighten those who accompany the dying and will create a bridge between the gospel story and those of us who hear it today. Chapters are ?Diagnosis,? ?The Road,? ?Weakness,? ?Family,? ?Caregivers,? ?Isolation,? ?The Blind Ones,? ?Pain,? ?Stripped,? ?Inevitability,? ?Last Breath,?

The New York Times Bestseller! After decades of silence, Robyn Crawford, close friend, collaborator, and confidante of Whitney Houston, shares her story. Whitney Houston is as big a superstar as the music business has ever known. She exploded on the scene in 1985 with her debut album and spent the next two decades dominating the charts and capturing the hearts of fans around the world. One person was there by her side through it all—her best friend, Robyn Crawford. Since Whitney's death in 2012, Robyn has stayed out of the limelight and held the great joys, wild adventures, and hard truths of her life with Whitney close to her heart. Now, for the first time ever, Crawford opens up in her memoir, *A Song for You*. With warmth, candor, and an impressive recall of detail, Robyn describes the two meeting as teenagers in the 1980s, and how their lives and friendship evolved as Whitney recorded her first album and Robyn pursued her promising Division I basketball career. Together during countless sold-out world tours, behind the scenes as hit after hit was recorded, through Whitney's marriage and the birth of her daughter, the two navigated often challenging families, great loves, and painful losses, always supporting each other with laughter and friendship. Deeply personal and heartfelt, *A Song for You* is the vital, honest, and previously untold story that provides an understanding of the complex life of Whitney Houston. Finally, the person who knew her best sets the record straight.

I died. I fu\*&ing died, and when I woke up in a Los Angeles hospital my best friend walked away from me. It wasn't quite the welcoming back to the world of the living I thought I'd receive, and it rattled me. After an overdose, Henley Hendrix retreats to Georgia to chase sobriety and get her life together. To do that, she's got to keep her distance from Jagger and company. But when an old friend pops back into her life, a private moment is leaked to the world, and someone she never thought would walk away from her does exactly that. She's got to deal with rejection, a stalker, her return to the rock world for a promotional tour, jungle peepers, a riot of fans, a 1% motorcycle club, a one-eyed teddy bear, and two men fighting over her. Just when she's figured out how to finally be the best version of "Henley" she can be and how to stay healthy, her world is turned upside down again when her eyes are opened to something she never expected. This book is not a stand-alone novel. Books 1 and 2 in the Guitar Face Series should be read first. If you are looking for a story of redemption with comic relief and a heavy sexual tone, you've found it. If you are offended by hot, tattooed rock stars, who are vulgar then this is not the book for you. Please be warned, this book is not for anyone below the age of 18. The book has sex, death, violence, and harsh language. About the Author: Award-winning author Sasha Marshall, a concert photographer, toured with legendary bands such as The Allman Brothers Band. Deep in lost history, did high civilizations and advanced knowledge thrive? The ancient Vedic literatures of India describe a wondrous civilization that flourished at a time when modern historians insist that humans like us existed simply as hunter-gatherers. This civilization, centered in India, employed technologies based on a scientific understanding of the physical elements and forces as well as more subtle conscious elements. Devamrita Swami, who has spent a lifetime in his own search for Vedic India, takes us on an intellectual discovery through the history of the remarkable Vedic civilization and its knowledge, locked in the ancient literatures. Wit and wisdom combine to make our search for Vedic India not only illuminating but entertaining. He tells us not only the truth about Vedic India, but how they are again coming to be. Searching for Vedic India thus takes us not only into the past, but into the future. The title derives from the fact that even though I know it's not strangers that I hear, to me, it's not my thoughts. I know it's not people enjoy the ride as they follow me, as I go through my life in words. Some are whimsical, some you consider dark. I hope I can also be able to somehow connect with events in their lives and understand the message I try to convey. I don't write on a wall to me when I am finally relaxed and alone with my thoughts.

Discusses the mind-body problem, knowledge, personal identity, free will, ethics, death, reality, values, and the meaning of life. Why Can't I Be Me? explores the mysterious and disturbing corporate work culture, focusing on why, as a job seeker and an employee, you feel pressured to "fake it to make it" to be hired and succeed at work, and how you can rise above it and thrive. Based on the author's own story, combined with her expertise in Human Resources management, Why Can't I Be Me? will take you on an enlightening journey through the job interview process and the corridors of the typical corporate work environment, where you will learn exactly what goes on behind the walls and why. You will then be taken on a journey "back home" to yourself. The result is a profound experience that provides a perspective you have been searching for your entire career.

Blurb (Act I) PARSONS: I'm beginning to feel what his friends must have gone through when they were really seeing him off. They wait, the more improbably it is that the bloody plane will ever leave. They mouth platitudes to each other about every man has secrets.

unimpeachable right to die at home. They don't look into each other's eyes knowing that not one of them has even bothered about pipe dreams, tobacco smoke delusions. What they mean, really, is that they can't wait any longer to get him off their hands. SURROUND MONOLOGUE: I didn't care. I had my ticket in my hand in the plane. I would have had my ticket in my hand if they had it off me before I got on. That's not the point. It's as good as having your ticket in your hand when you're sitting in the plane and they turfed you off because if they haven't turfed you off then that means you must have had a ticket in your hand to be able to get on. And what I've got a right to expect is a bit of help from someone coming up and saying Siggie. Someone to come up and say, "Siggie," a tremendous bit of help when someone remembers your name when they come up and say, Siggie. It's terrible when someone opens his mouth to speak but says nothing. Blurb (Act 3) As a director, I was immediately impressed by the inherent theatricality of what constitutes a theatrical event. In this work that gives us not just a play but an experience of the struggle for creation.

Director,

This book is an Autobiography in Poetry. It is also a thank you for those who did not let me slip into a black whole of lifelessness. It is one of the most difficult challenges of my life. Pain, physically, emotionally, spiritually, depression, devastation, death, life, rape, incest, marriage, sunlight, darkness and much more. The appreciation of God, my family, and my family of Angels, is so empowering, I find some peace within many areas of my life where torment once lived. For this reason, had no other choice but to honor the God who gave me rhythm to release the joy and pain of my life. You will notice my book does not open like an ordinary book. Our lives are not ordinary. We can all say, "better than some, worse than others." I want you to utilize my story to encourage you, to tell your story. Honor to God the Father and His Son Jesus Christ Our Lord and Savior. Your Earthly Angels and to "Yourself." It is time to be brave, to make peace with loved ones and yourself. Come out of your shell, be creative, share who you are. I pray that my story will assist in your great purpose on your journey toward the gifts of a prosperous successful life. That God has so richly prepared for us, but here on earth too.

The Monastery, 1st Place winner of the 2003 Florida State Association of the National League of American Pen Women - Unpublished category, is a timely tale of untimely reincarnation; a story of men and women, of love and history, of religion and, perhaps, of travel with a twist. Rebecca Kincaid, middle-aged, educated, wife, mother, is one morning finally too discouraged to face another day when she sleeps, her soul, adrift on a sea of despair, lifts anchor and rides the tide of time onto the shores of another life. At once a beautiful heir to this wayward spirit, simply appears, dazed and confused in a medieval forest, incarnated before her time. The story is a bizarre summer for little-known Indian psychiatrist and paranormal researcher, Gurinder Chopak and his British colleague, Nigel Haversham. While Chopak endeavors to unravel the baffling labyrinth of events separated by nearly six centuries, he and Haversham watch an incredible mingling of two disparate lives in a kaleidoscopic swirl of events, destined to leave one woman with an awesome choice: to pursue to its end a meaningless existence or will she step boldly into the exhilarating passion and dangerous adventure of the unknown. Northern Thailand's first black Buddhist nun traces her journey from a Harvard scholarship student in the world of pop culture to her ordination into a world marked by natural violence and eastern philosophy, discussing her resistance to the Buddhist worldviews.

If I can put in words how I didn't think I didn't feel but you cleared my void and took me somewhere I didn't know I could and I felt beautiful and I felt but never will again, and I forgot myself and my mind stopped anxiety didn't exist, thoughts evaporated into mist, into your oblivion, into your circle of safety and I forgot who I was or who I had to be and I allowed you in. And that was not sex, it was just being with you, a lady who made me feel like a woman.

Words fail me.

He hopes that his determination to overcome the many difficulties of a paralyzed man will inspire others to master their personal obstacles and become useful members of the human family.

What if the choice you have to make has devastating consequences for others? How can anyone know the right thing to do? This series is so detailed & has such a different feel from other fantasy series that I've read - it's definitely one I recommend. Writing with Wolves Leonie chose to sacrifice everything to save other people. Now those around her have to face the consequences - and those consequences are not what they expected. Prospero must deal with his own guilt. He was the one who gave Leonie the tools she needed - her life was in his hands. To make the most of what she did, he will have to face up to all the family issues he has avoided for so long. Whatever he chooses to do, someone he loves will be hurt. For Leonie's sake, is he now strong

enough to make the choice he couldn't make before? The crisis predicted by Lord Gabriel has come and gone. But his task isn't over. Leonie's very existence may be out in the open but Gabriel discovers that the past is never what it seems – and nor is the present. How can he use what he now knows to bring together those who have been enemies for as long as anyone can remember? If he fails in this, everything he's had to do so far will be in vain. A wonderful blend of fantasy and romance without the tropes or standard formula. It's a beautiful premise, filled with drama, action, and everything we've come to expect from the series. A well established psychologist argues from personal experience that it is spirituality rather than psychology that can lead us to true personal freedom and happiness.

Few in this life escape stress and suffering. But what if the world were nothing but an illusion? Speaking joyfully from the intersection of science and spirituality, psychiatrist Akshya Vasudev introduces "bite-sized" wisdom from Vedanta, the ancient spiritual science of India. Expounded by sages more than 7,000 years ago, Vedanta broadcasts the good news that everyone has the potential of being awakened. It teaches that our bodies, minds, and intellects are but tools to discover the infinite and limitless Self...to become enlightened. In warm and intimate prose, Dr. Vasudev shares his personal story of learning to let go of expectations and developing a spiritual practice to fully experience what life has to offer without any fear. By examining scientific theories and stories gleaned from his years as a researcher, clinician and now as someone on the spiritual path, he proves that being armed with the right knowledge and applying it daily can challenge our thinking and cause worries to disappear.

An inspiration for the creation of houses of prayer around the world, The Grace Outpouring is a captivating account of spiritual renewal on a Welsh hillside. When Roy Godwin turned his back on a lucrative consulting job to lead the quiet retreat center Ffald-y-Brenin in West Wales, he wasn't sure what was next. Then God showed up. In the years since the Godwins welcomed their first surprise guests to Ffald-y-Brenin, God has drawn thousands of seekers to this converted hill-farm with a tangible presence of healing and power. Along with its accompanying study guide, The Grace Outpouring offers fascinating stories of God's work on a remote hillside as well as inspiring insight into how God can work in readers' own communities.

*Twelve-year-old Ross tries to discover the formula for being funny and getting his new classmates to like him in this laugh-out-loud MAX novel! Ross Stevens has changed schools twelve times in the last three years but when his beloved Pops becomes ill, Ross and his mom must plant roots—which means no more school moves. And no more moves mean no more school exits, and Ross has perfected the science of leaving a school with an epic prank. Worse, it means he will actually have to learn how to make friends and do a science project, two things he's never had to do before. Then Ross hits on a hypothesis: if pranks are cool because they are funny then maybe he could discover the formula for funny! If his nerdy “peer review” partner doesn't cramp his style and if the embarrassing notebook full of his “research” doesn't get out, then maybe Ross can actually be happy staying in one place. But can he really figure out the formula for ultimate middle school happiness?*

Kiley's life is full of secrets from the past, and for as long as he can remember, he's been running from a life of crime. Moving from Los Angeles to St. Louis doesn't allow him the change his heart desires, and Kiley soon realizes that trouble is his middle name. His*

*These poems are not arranged chronologically but rather by category so that each category reflects range of the angst of a wondering teenager and the uncertainty of youth on one end and the musings of a heart mellowed with age on the other. Of course, I could also claim laziness as I never recorded the times that I wrote the individual poems.*
