Contexts And Cases

Corruption is once again high on the international policy agenda as a result of globalization, the spread of democracy, and major scandals and

Read Book Contexts And Cases

reform initiatives.

But the concept itself has been a focus for social scientists for many years, and new findings and data take on richer meanings when viewed in the context of long-term developments and enduring conceptual

Read Book Contexts And Cases

debates. This compendium, a much-enriched version of a work that has been a standard reference in the field since 1970, offers concepts, cases, and fresh evidence for comparative analysis. Building on

Read Book Contexts And Cases

a nucleus of classic studies laying out the nature and development of the concept of corruption, the book also incorporates recent work on economic, cultural, and linguistic dimensions of the problem, as well as

Read Book Contexts And Cases

critical analyses of several approaches to reform. While many authors are political scientists, work by historians, economists, and sociologists are strongly represented. Two-thirds of the nearly fifty articles are based either on

Read Book Contexts And Cases

studies especially written or translated for this volume, or on selected journal literature published in the 1990s. The tendency to treat corruption as merely a synonym for bribery is illuminated by analyses of the

Read Book Contexts And Cases

diverse terminology and linguistic techniques that help distinguish corruption problems in the major languages. Recent attempts to measure corruption, and to analyze its causes and effects quantitatively are

Read Book Contexts And Cases

also critically
examined. New
contributions
emphasize
especially:
corruption
phenomena in Asia

treaties; unintended
consequences of anti-
corruption efforts.

Read Book Contexts And Cases

Cumulatively, the book combines description richness, analytical thrust, conceptual awareness, and contextual articulation.

Managing People and Organizations in Changing Contexts addresses

Read Book Contexts And Cases

the contemporary problems faced by managers in dealing with people, organizations and managing change in a theoretically-informed and practical way. This textbook is a contemporary and relevant alternative

Read Book Contexts And Cases

to the standard works that cover material on Organization Behaviour and Human Resource Management because it approaches people management from the perspective of managers and

Read Book Contexts And Cases

aspiring managers.

The book has an international orientation and many of the cases and examples in the book reflect this. It addresses the problems that managers face in managing people in old and new

Read Book Contexts And Cases

economy

organisations and is interdisciplinary in its approach, including contributions from management, organisational behaviour, HRM, strategy, marketing and reputation management, and

Read Book Contexts And Cases

technology. This text meets the requirements of managers, leaders and students in managing people in contemporary and changing contexts. Managing People and Organizations in Changing Contexts offers: * a

Read Book Contexts And Cases

contemporary and relevant edge with an original structure

- * awareness of international and current trends and up-to-the-minute detail.
- * cases based on original research and consulting experience
- * new material on the role

Read Book Contexts And Cases

of management and leadership, technology and reputation management, and covers much of the material for CIPD 's core management standards * material that has been tested with managers and

human experiences
and behaviors define
the self and allow us
to characterize
ourselves within the

Read Book Contexts And Cases

social world more than work and career. The pressing economic and social conditions of the information and globalization age require workers to be more self-directed by managing their own work lives, rather than solely

Read Book Contexts And Cases

relying on organizations to support them. Given these shifting occupational structures, it is time to reassess the long-standing emphasis on fitting workers to jobs and move toward empowering them to adapt to

Read Book Contexts And Cases

change. In this volume, leading scholars and practitioners examine the construct of self through vocational psychology and career development topics centered on theory, assessment, and intervention.

Read Book Contexts And Cases

Chapters in Part I consider predominant theoretical models of career choice and development, such as person-environment fit, developmental, socio cognitive-behavioral, and constructionist perspectives. In Part

Read Book Contexts And Cases

II, contributors offer counseling methods rooted in these theoretical models and in contemporary industrial and organizational psychology to foster self-construction through work and career. In the final part, authors

Read Book Contexts And Cases

examine contextual dimensions of gender, culture, and socioeconomic class to investigate how self is constructed in relation to our social world. By exploring theories of career choice and development and their related

Read Book Contexts And Cases

counseling practices, practitioners can more effectively meet the needs of a rapidly changing global workforce.

In recent years, market definition has come under attack as an analytical tool of competition law.

Scholars have

Read Book Contexts And Cases

increasingly questioned its usefulness and feasibility. That criticism comes into sharper relief in dynamic, innovation-driven markets, which do not correspond to the static markets on which the concept of

Read Book Contexts And Cases

the relevant market was modelled. This book explores that controversy from a comparative legal perspective, taking into account both EU competition and US antitrust law. It examines the manifold ways in which courts and

Read Book Contexts And Cases

competition
authorities in the EU
and US have
factored innovation-
related
considerations into
market delineation,
covering: innovative
product markets,
product
differentiation,
future markets,

Read Book Contexts And Cases

issues going beyond
market definition
proper – such as
innovation
competition,
innovation markets
and potential
competition – ,
intellectual property
rights, innovative
aftermarkets and
multi-sided

Read Book Contexts And Cases

platforms. This book finds that going forward, the role of market definition in dynamic contexts needs to focus on its function of market characterisation rather than on the assessment of market power.

Two commissions

Read Book Contexts And Cases

within the Public Relations Society of America have recently defined courses in case-study analysis, research methods, and behavioral-science theory as central to an acceptable public relations curriculum. To date, these three

Read Book Contexts And Cases

"streams" within PR education have run independently of each other. The authors produced this volume because they believe that there is a growing demand for an integrative "applied theory" approach to the study of public

Read Book Contexts And Cases

relations cases. The need for PR professionals to study the social, political, and economic contexts of public relations carefully had been apparent for some time as issues management and environment scanning emerged as

Read Book Contexts And Cases

focal points of modern public relations. Yet there was no systematic framework for such study. This volume, however, with its strong foundation in theory, provides just that framework and is highly suitable for graduate-level

Read Book Contexts And Cases

courses in public relations.

Could mobile phones become mass media, like television, radio, newspaper or Internet, which provide us information and entertainment?

Although the

Read Book Contexts And Cases

penetration rates of mobile phones are very high in most countries, many users are not willing to spend money on the consumption of mobile online services. To explore those factors, this research analyzed 24 graduate students in

Read Book Contexts And Cases

different social contexts from Taiwan and the U.S. The results showed that the school life style, WiFi on campus, high mobile service fees, low incomes and low usage utilities made students not willing to spend money on

Read Book Contexts And Cases

the mobile contents. Instead, the notebooks are the homework and mass media center for most students, and they get those information and entertainment contents from the alternative Internet for free. -- mobile

The book explores
the notion of soft
power as set of
theoretical
arguments about
power, and as a
reflection of how
each country

Read Book Contexts And Cases

perceives what is an increasingly necessary perspective on international relations in an age of ubiquitous global communication flows and encroaching networks of non-state actors. Soft

Read Book Contexts And Cases

power is discussed
a means by which
public diplomacy is
justified and in the
process, reflects
arguments for how
each state sees
what is possible
through soft power.
This volume
investigates secret
diplomacy with the

Read Book Contexts And Cases

aim of

understanding its
role in shaping
foreign policy.

Recent events,
including covert
intelligence

gathering
operations,

accusations of
spying, and the

leaking of sensitive

government documents, have demonstrated that secrecy endures as a crucial, yet overlooked, aspect of international diplomacy. The book brings together different research programmes and

Read Book Contexts And Cases

views on secret
diplomacy and
integrates them
into a coherent
analytical
framework, thereby
filling an important
gap in the
literature. The aim
is to stimulate,
generate and direct
the further

Read Book Contexts And Cases

development of theoretical understandings of secret diplomacy by highlighting 'gaps' in existing bodies of knowledge. To this end, the volume is structured around three distinct themes: concepts,

Read Book Contexts And Cases

contexts and cases. The first section elaborates on the different meanings and manifestations of the concept; the second part examines basic contexts that underpin the practice of secret

Read Book Contexts And Cases

diplomacy; while the third section presents a series of empirical cases of particular relevance for contemporary diplomatic practice. While the fundamental conditions diplomacy seeks to

Read Book Contexts And Cases

overcome – alienation, estrangement and separation – are imbued with distrust and secrecy, this volume highlights that, if anything, secret diplomacy is a vital, if misunderstood and

Read Book Contexts And Cases

unfairly criticised,
aspect of
diplomacy. This
book will be of
much interest to
students of
diplomacy,
intelligence
studies, foreign
policy and IR in
general.

Recent events,

Privacy is one of the most urgent issues associated with information technology and digital media. This book claims that what people really care about when they complain and protest

Read Book Contexts And Cases

that privacy has been violated is not the act of sharing information itself—most people understand that this is crucial to social life—but the inappropriate, improper sharing of information. Arguing that privacy concerns should not be limited solely to concern about

Read Book Contexts And Cases

control over personal information, Helen Nissenbaum counters that information ought to be distributed and protected according to norms governing distinct social contexts—whether it be workplace, health care, schools, or among family and friends.

She warns that basic

Read Book Contexts And Cases

distinctions between public and private, informing many current privacy policies, in fact obscure more than they clarify. In truth, contemporary information systems should alarm us only when they function without regard for social norms and values, and thereby
