"Fascinating...[Bamberger] knows the world of professional golf, and the pressures it exacts, like few others." —The Wall Street Journal It's one of the greatest comebacks of all time. And for Tiger Woods—his game, his body, and his life in shambles—getting back to the winner's circle was only half the story. Here's the rest of it. Tiger Woods's long descent into a personal and professional hell reached bottom in the early hours of Memorial Day in 2017. Woods's DUI arrest that night came on the heels of a desperate spinal surgery, just weeks after he told close friends he might never play tournament golf again. His mug shot and alarming arrest video were painful to look at and, for Woods, a deep humiliation. The former paragon of discipline now found himself hopelessly lost and out of control, exposed for all the world to see. That episode could have marked the beginning of Tiger's end. It proved to be the opposite. Instead of sinking beneath the public disgrace of drug abuse and the private despair of a battered and ailing body, Woods embarked on the long road to redeeming himself. In *The Second Life of Tiger Woods*, Michael Bamberger, who has covered Woods since the golfer was an amateur, draws upon his deep network of sources inside locker rooms, caddie yards, clubhouses, fitness trailers, and back offices to tell the true and inspiring story of the legend's return. Packed with new information and graced by insight, Bamberger's story reveals how this iconic athlete clawed his way back to the top. Here you'll meet the people who have shaped and saved Tiger's life. It's a disparate group: a Florida police officer, an old friend from Tiger's boyhood, his girlfriend, his manager, his caddie. You'll go inside the ropes and see Tiger's interactions with fellow pros, with broadcasters and rules officials and Tour executives, with legends young (Rory McIlroy) and old (Jack Nicklaus) and in between (Fred Couples). On the Sunday before Masters Sunday, you'll join Tiger as he takes a long, slow, contemplative walk across Augusta National, and you'll be with him again seven days later in the splendid isolation of the tee at thirteen, in the rain, his right foot slipping while he swings his driver at 120 miles per hour. This is an intimate portrait of a man who has spent his life in front of the camera but has done his best to make sure he was never really known. Here is Tiger, barefoot, in handcuffs, showing a police officer a witty and self-deprecating side of himself that the public never sees. Here is Tiger on the verge of tears with his children at the British Open. Here is Tiger trying to express his gratitude to his mother at a ceremony at the Rose Garden. In these pages, Tiger is funny, cold, generous, self-absorbed, inspiring—and real. *The Second Life of Tiger Woods* is not only the saga of an exceptional man but also a celebration of second chances. Bamberger's bracingly honest book is about what Tiger Woods did, and about what any of us can do, when we face our demons head-on.

AT AGE EIGHTEEN, IN 1974, Yvonne Pepin set out to build a home from trees on eighty acres she bought on an Oregon mountainside. Log by log the following year she created a cabin and healed from her orphaned past, finding a new family in the forest and with people in a valley named John Day. This true story of one woman's survival in the wilderness puts an honest and gritty face on the fantasy of living alone in the forest. Readers of *My Side of the Mountain* and *Into the Wild*—and fans of *Pilgrim at Tinker Creek* and *Walden* alike—will eagerly follow along on Yvonne's journey in this candid, revealing account. *Babe in the Woods: Building a Life One Log at a Time* includes Yvonne's original artwork and ledgers, further authenticating the construction of her three-story log cabin, built by hand from trees on land Yvonne still owns today. It is the first in a three-book series about Yvonne's time living in this log cabin beside a mountain stream—and it is a story of her relationship with woodsy things in a place of risk and isolation but also peace, quiet beauty, and repose.

Mark didn't ask to move to New Hampshire. Or to go to a hick school like Hardy Elementary. And he certainly didn't request Mr. Maxwell as his teacher. Mr. Maxwell doesn't like rich kids, or slackers, or know-it-alls. And he's decided that Mark is all of those things. Now the whole school is headed out for a week of camping -- Hardy's famous Week in the Woods. At first it sounds dumb, but then Mark begins to open up to life in the country, and he decides it might be okay to learn something new. It might even be fun. But things go all wrong for Mark. The Week in the Woods is not what anyone planned. Especially not Mr. Maxwell. With his uncanny knack to reach right to the heart of kids, Andrew Clements asks -- and answers -- questions about first impressions, fairness, loyalty, and courage -- and exactly what it takes to spend a Week in the Woods.

Emeline's quiet village has three important rules: Don't look at the shadows. Don't cross the river. And don't enter the forest. An illustrated fantasy filled with beauty and power, *Between the Water and the Woods* sweeps you into a world where forests are hungry; knights fight with whips; the king is dying; and a peasant girl's magic will decide the future of the realm . . . When Emeline's little brother breaks all three of their village's rules, she is forced to use her family's forbidden magic to rescue him from the dark things he awakens, the Ithin. Now that the Ithin are afoot in the land, she must, by law, travel to the royal court and warn the king. But the only way she and her family can make the journey to the capital is with the protection of a sour magister and a handsome, whip-wielding Lash Knight. Will Emeline survive in a city where conspiracies swirl like smoke and her magic is all but outlawed? Seven full-page black-and-white illustrations accompany *Between the Water and the Woods*, a lush, fairy-tale-style fantasy perfect for readers of Karen Cushman and Shannon Hale.

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

"Cabin In The Woods" is a collection of true-life adventures with spiritual insights for young people. It focuses around the time my parents moved our family to a rural, Connecticut town called Cheshire. We took up residence in an old, rustic cabin sitting deep in the woods. There was no running water, no bathroom, no heat and no electricity, only a huge stone fireplace for cooking. But, it was there during that first summer that my parents began to build their "dream house." For me, it was the adventure of a lifetime, and the things I learned about life and God were immeasurable. From living in a pine bark cabin to building a house in the woods; from cornering wild woodchucks to getting squirted by skunks; from raising dogs to chasing weasels. I'd like to share these early, "cabin adventures" with young people of all ages to enjoy. Ed Kenerson attended Gordon College (B.A. Psychology) and Gordon Conwell Seminary (Masters of Religious Education) and has over 10 years experience in Christian Education and Youth Ministry. At present, he manages his own training and communications business called Steps To Success, delivering multi-media presentations to businesses in areas of career management, customer service, and time management. In addition, he reaches out to teenagers in high schools through Career Coach, USA, a strategic ministry designed to teach young people the principles of both personal and professional success. Ed is married to Kathy with two children and eight grandchildren.

Accounts of Thoreau's daily life on the shores of Walden Pond outside Concord, Massachusetts, are interwoven with musings on the virtues of self-reliance and individual freedom, on society, government, and other topics. A selection of the Common Core State Standards Initiative.

Trees, moss, leaves, pine cones and a tree house too, are all of the things you'd find on a walk in the back woods. But one day, an ordinary walk turns into something very extra-ordinary! See what Sophie, the fluffy golden retriever finds deep down under the roots of an old pine tree. She makes a BIG discovery that turns out to be very little!

Seeing things. You were just seeing things. For city girl Callie Velasquez, nothing sounds more terrifying than a night out in the wilderness. But, wanting to bond with her popular new friends, Lissa and Penelope, she agrees to join them on a camping trip. At least Callie's sweet new boyfriend, Jeremy, will be coming too. But nothing goes as planned. The group loses half their food supply. Then they lose their way. And with strange sounds all around her--the snap of a twig, a sinister laugh--Callie wonders if she's losing her mind. Tensions swirl among the group, with dark secrets suddenly revealed. And then, things take a fatal turn: Callie stumbles upon a cold dead body in the woods. Is the murderer close by, watching them? Callie has to figure out where she can turn and who she can trust, before her own life is at stake. Kieran Scott weaves a thrilling mystery that explores love, loyalty--and the dangerous decisions we make in order to survive.

Teddy bears go for a walk in the woods, have a picnic and encounter a wolf.

The woods were insane in the dark, terrifying and magical at the same time. But best of all were the stars, which trumpeted their light into the misty dark. Castella Cresswell and her five siblings???Hannan, Casper, Mortimer, Delvive, and Jerusalem??? know what it's like to be different. For years, their world has been confined to their ramshackle family home deep in the woods of upstate New York. They abide by the strict rule of God, whose messages come directly from their father. Slowly, Castley and her siblings start to test the boundaries of the laws that bind them. But, at school, they're still the freaks they've always been to the outside world. Marked by their plain clothing. Unexplained bruising. Utter isolation from their classmates. That is, until Castley is forced to partner with the totally irritating, totally normal George Gray, who offers her a glimpse of a life filled with freedom and choice. Castley's world rapidly expands beyond the woods she knows so well and the beliefs she once thought were the only truths. There is a future waiting for her if she can escape her father's grasp, but Castley refuses to leave her siblings behind. Just as she begins to form a plan, her father makes a chilling announcement: the Cresswells will soon return to their home in heaven. With time running out on all of their lives, Castley must expose the depth of her father's lies. The forest has buried the truth in darkness for far too long. Castley might be their last hope for salvation.

The woods are lovely, dark and deep, But I have promises to keep, And miles to go before I sleep, And miles to go before I sleep. From the illustrator of the world ' s first picture book adaptation of Robert Frost ' s “ The Road Not Taken ” comes a new interpretation of another classic Frost poem: “ Stopping By Woods on a Snowy Evening. ” Weaving a simple story of love, loss, and memories with only illustrations and Frost ' s iconic lines, this stirring picture book introduces young readers to timeless poetry in an unprecedented way.

*They went off the grid. Their secrets didn't. For readers of *The Secret History* and *The Immortalists* comes a novel about the allure—and dangers—of disconnecting. “A sharp, spellbinding cautionary tale, one that reminds us that even those who do remember the past might also wind up repeating it.”—NPR (Best Books of the Year) Certain that society is on the verge of economic and environmental collapse, five disillusioned twenty-somethings make a bold decision: They gather in upstate New York to transform an abandoned farm, once the site of a turn-of-the-century socialist commune, into an idyllic self-sustaining compound called the Homestead. Mack, a publicly disgraced grad-school dropout, believes it's her calling to write their story. She immediately falls in love with all four friends, seduced by their charisma and grand plans—and deeply attracted to their secrets. But it proves difficult for Mack to uncover the truth about their nightly disappearances and complicated loyalties, especially since she is protecting her own past. Initially exhilarated by restoring the rustic dwellings, planting a garden, and learning the secrets of fermentation, the group is soon divided by intense romantic and sexual relationships, jealousies, slights and suspicions. And as winter settles in, their experiment begins to feel not only misguided, but deeply isolating and dangerous. Caite Dolan-Leach spins a poignant and deeply human tale with sharp insights into our modern anxieties, our collective failures, and the timeless desire to withdraw from the world. Praise for *We Went to the Woods* “*We Went to the Woods* is a chillingly cautionary tale for the twenty-first century, an enthralling story of failed nobility and the consequences of trying to escape from a world that will never let you go. Caite Dolan-Leach's prose is both nimble and elegantly evocative, leading the reader through the idyllic pastures and deadly pitfalls of a rustic experiment gone wrong. As five hopeful idealists try to live off the land, the reader sees their friendships blossom, and yet we hardly dare look, knowing as the seasons turn that something even darker than winter is on its way.”—Christopher J. Yates, author of *Grist Mill Road* and *Black Chalk**

*Two Little Pigs whose small homes in the woods have been accidentally destroyed by Bear and Moose decide to build a house they can all share, and with the help of Beaver Builders they soon have a fine new home. By the illustrator of *The Wind in the Willows*.*

*In the late summer of 2011, 35-year old Aaron Bassler, an allegedly mentally disturbed resident of Mendocino County, California, shot and killed two innocent victims – a well-liked conservationist and a much-admired city councilman and former mayor. These events sparked an unprecedented 36-day manhunt in the vast forested area east of the coastal town of Fort Bragg. The case involved local, state and federal officers from over a dozen law enforcement agencies, including various SWAT teams and the U.S. Marshals Service, an agency very experienced in searching for fugitives. However, the searchers were under the constant threat of being the next victims, and had never experienced a landscape like this. Meanwhile, Bassler had virtually grown up in this environment and knew that time and terrain were on his side. As Mendocino County Sheriff Tom Allman recalls, “We had little to go on other than we knew we were searching for an armed and very dangerous Aaron Bassler, and that he was out there in the woods...”*

New from bestselling author Stephanie Perkins, and the perfect companion to her New York Times bestseller *There's Someone Inside Your House*, soon to be a Netflix feature. Bears aren't the only predators in these woods. Best friends Neena and Josie spent high school as outsiders, but at least they had each other. Now, with college and a two-thousand-mile separation looming on the horizon, they have one last chance to be together—a three-day hike deep into the woods of the Pisgah National Forest. Simmering tensions lead to a detour off the trail and straight into a waking nightmare ... and then into something far worse. Something that will test them in horrifying ways. Stephanie Perkins, the bestselling author of *There's Someone Inside Your House*, returns with a heart-stopping, gut-wrenching novel about friendship, survival, and navigating unmarked paths even as evil watches from the shadows. Many people dream of escaping modern life, but most will never act on it. This is the remarkable true story of a man who lived alone in the woods of Maine for 27 years, making this dream a reality—not out of anger at the world, but simply because he preferred to live on his own. A New York Times bestseller In 1986, a shy and intelligent twenty-year-old named Christopher Knight left his home in Massachusetts, drove to Maine, and disappeared into the forest. He would not have a conversation with another human being until nearly three decades later, when he was arrested for stealing food. Living in a tent even through brutal winters, he had survived by his wits and courage, developing ingenious ways to store edibles and water, and to avoid freezing to death. He broke into nearby cottages for food, clothing, reading material, and other provisions, taking only what he needed but terrifying a community never able to solve the mysterious burglaries. Based on extensive interviews with Knight himself, this is a vividly detailed account of his secluded life—why did he leave? what did he learn?—as well as the challenges he has faced since returning to the world. It is a gripping story of survival that asks fundamental questions about solitude, community, and what makes a good life, and a deeply moving portrait of a man who was determined to live his own way, and succeeded.

From Duluth, Georgia, fourteen-year-old Jimmy Fincher sets off on a quest that takes him across the country and to other, sometimes terrifying, worlds, armed with a powerful gift and a mission: to prevent the evil Stompers from destroying Earth.
