Almost 40% of heterosexual couples now meet online.<sup>FN</sup> Yet many women don't know how to participate in online dating with joy or confidence. Some avoid it altogether. Weaving in real stories and facts, Hile demystifies online dating by providing a roadmap with recommended steps and tips, at times defying convention. A refreshing yet frank perspective for midlife women who seek a loving, long-term relationship with a man. Widowed at 48 in California, Hile re-established herself in Texas. She was curious about what dating would be like in her 50's, and how many men she'd need to "date." With 18 years of technology marketing and product launch experience, she dove into online dating with a "launch and learn" mindset and a rudimentary spreadsheet. Over three and a half years and two dating "cycles" later, she emerged with convincing insights on how to tackle the challenges and pitfalls of modern, midlife courtship. Told in an encouraging, conversational style, Hile helps get readers up to speed on how to get started, how to persist while having fun, how to exit as needed and how to begin again. To ensure efficiency, she also lays out seven easy guidelines. A unique and actionable perspective on how midlife dating can be joyful while providing rich self-discovery.

What Makes The Ultimate Online Dating Book Different from Other Books on this Subject? The Ultimate Online Dating Guide: Secrets of How Savvy Women Find Great Matches has a unique twist that sets this book apart from others of its type. Ms. MacGowan came to the conclusion that many of the shortcomings that exist in Internet dating can be resolved by using proven business techniques from the recruiting and hiring of workers. Her skills in attracting the right mate or the right talent are enhanced with extensive background in human resource and skills as a journalist. The Ultimate Online Dating Guide modifies the recruitment tools from business into an easy-to-use guide for "recruiting, selecting and managing" great Internet dates. Why Does The Ultimate Online Dating Book use this Approach? These techniques are shown to be easily adaptable to dating and relationships. They dramatically increase the odds of finding a great match while having an enjoyable, interesting and safe dating experience. The Ultimate Online Dating Guide coaches readers through a step-by-step process of self-discovery that defines what's important to them in a great Internet date and to naturally attract and choose men who

share their interests, values, attitudes and personality traits. Ms. MacGowan teaches readers basic principles of advertising and writing. Strategies for finding and choosing men (recruiting and selection) are extensively covered. How to analyze men's behavior to choose the best matches draws on how recruiters analyze human behavior to find the best workers. The Internet is quickly becoming one of the best ways of meeting new dates. Its rapid growth proves that it's not only acceptable but also preferable. Women can broaden their visibility and meet men they wouldn't otherwise have had an opportunity to meet. It's increasingly important to get the right man's attention for successful dating because there are now millions of men browsing these ads. However, women need to learn how to use this wonderful new resource correctly to fully reap its benefits. Internet dating without sound back-up principles can be compared to buying an item on eBay without knowing how to compare prices, assess an item's quality or knowing the strategies of bidding. The Ultimate Online Dating Book Women Approach to Internet Dating After the self-discovery process, the reader develops her ad using her interests in the headline to attract men who share these interests. But many women have trouble with creative writing. Ms. MacGowan shows them how to use advertising headlines from women's magazines to construct an appealing, attention-grabbing headline that attracts

men. Ms. MacGowan includes examples of well-written ads for the reader to use as models. A great photo attracts. Tips that get results are covered as well as how to "read" men's photos. The reader also learns how to organize her email responses so she won't get her correspondents mixed up. Next is the advantage of creating "canned" responses that guide her in what to say about herself. She sees them as a timesaver that will provide consistency to her responses to men's emails. "Strip 'em Naked Questions, or Finding the Man beneath the Facade" is an unusual approach to analyzing men's responses. Each series of questions, there are over 100 to choose from, begins with a hard-hitting discussion of what a woman should think about when she reads, and later, hears a man's answer. She'll learn if he has attitude, personality or behavior problems. Now it's time to learn about "problem" personality types. There are 16 whimsical personalities to avoid, which are described. A practice session reading and critiquing men's ads ties it nicely together in "The Devil's in the Emails, You've Got Tails." Let's conduct a "telephone interview"! Recruiters do this using prepared questions. In this chapter, Ms. Mac
