The past two decades in the United States have seen an immense liberalization and expansion of women's roles in society. Recently, however, some women have turned away from the myriad, complex choices presented by modern life and chosen instead a Jewish orthodox tradition that sets strict and rigid guidelines for women to follow. Lynn Davidman followed the conversion to Orthodoxy of a group of young, secular Jewish women to gain insight into their motives. Living first with a Hasidic community in St. Paul, Minnesota, and then joining

an Orthodox synagogue on the upper west side of Manhattan, Davidman pieced together a picture of disparate lives and personal dilemmas. As a participant observer in their religious resocialization and in interviews and conversations with over one hundred women, Davidman also sought a new perspective on the religious institutions that reach out to these women and usher them into the community of Orthodox Judaism. Through vivid and detailed personal portraits, *Tradition in a Rootless World* explores women's place not only in religious institutions but in contemporary society as a

From the number-one bestselling author of *The Nightingale* and *The Great Alone* comes a powerful American epic about love and heroism and hope, set during the Great Depression, a time when the country was in crisis and at war with itself, when millions were out of work and even the land seemed to have turned against them. "My land tells its story if you listen. The story of our family." Texas, 1921. A time of abundance. The Great War is over, the

bounty of the land is plentiful, and America is on the brink of a new and optimistic era. But for Elsa Wolcott, deemed too old to marry in a time when marriage is a woman's only option, the future seems bleak. Until the night she meets Rafe Martinelli and decides to change the direction of her life. With her reputation in ruin, there is only one respectable choice: marriage to a man she barely knows. By 1934, the world has changed; millions are out of work and drought has devastated the Great Plains. Farmers are fighting to keep their land and their

livelihoods as crops fail and water dries up and the earth cracks open. Dust storms roll relentlessly across the plains.

Everything on the Martinelli farm is dying, including Elsa's tenuous marriage; each day is a desperate battle against nature and a fight to keep her children alive. In this uncertain and perilous time, Elsa—like so many of her neighbors—must make an agonizing choice: fight for the land she loves or leave it behind and go west, to California, in search of a better life for her family. *The Four Winds* is a rich, sweeping novel that stunningly brings to

In fact, Merrick understands his deepest vulnerabilities in a most remarkable way. As their affection deepens, the underlying tension between

When hopes for motherhood are deferred...

Childlessness remains a taboo topic in today's culture, especially in Christian circles. Many women feel isolated, ashamed, or uncertain of how to reconcile this trial with a loving God. The death of the dream of

motherhood—whether from infertility, barrenness, miscarriage, or the loss of a child—is one of the hardest journeys women can walk through. In *Longing for Motherhood*, Chelsea Patterson Sobolik speaks to

these burdens specifically. She shares vulnerably about her own journey of childlessness and how she has ultimately come to view her story through the lens of Scripture and our hope in Christ. While remaining tender and empathetic toward suffering and longing, she discusses the comfort we have in knowing that the Lord is sovereign over all, and that His love is sufficient to carry us through any and every situation.
