Lars Muhl has had a lifelong burning interest in Jesus, not only as an archetype, savior, boddhisatava and elder brother, but also in relation to the Essenes from

the Dead Sea. The Law of Light is the result of his many years spent studying Aramaic and the techniques of Yeshua (Jesus). Yeshua spoke Aramaic. Through the Aramaic language, his teachings offer not just another

interpretation of the New Testament, but the unveiling of a secret message that attempts, once and for all, to settle centuries-old conceptions of sin, and to once again connect man with the heavenly spiritual source.

The core of

Where To Download The Power Of Now

Yeshua's Aramaic message is intimacy, freedom, selfless awareness, unconditional love, compassion and forgiveness. In all he says, there exists a hidden invitation to us to be present in, and dedicated to, everything with

which we engage. Five minutes of total devotion is worth more than hours of hectic exertion. The aim is to set mankind free and to dismiss everything that is bound up in false notions.

traditions of meditation and mindfulness, the new exercises in this transformational journal will show you how to live more fully in the present moment, and achieve lasting joy and self-realization. If you're

philosophies of

expressing our

accepting change as a natural part of life; creating a world that is ecologically sound; where it's safe to love each other'; and much more.

She closes the book with a chapter devoted to meditations for personal and

Where To Download The Power Of Now

planetary healing. The chapters of this book are nothing but mirrors for seeing your "self" from different angles. And though the journey we are about to embark on is an inner one, it will draw upon every aspect of your life. The only

Where To Download The Power Of Now

requirement asked of you is the willingness to honestly look at yourself in the most natural, intuitive manner.

Remember, if we are seeking the root of "self," what we are actually seeking is you. As you read through these

Where To Download The Power Of Now

pages, you will find that you know much more than you thought you did about some very deep subjects. The fact is, you already know how to find yourself; you have just gotten distracted and disoriented. Once refocused, you will

Where To Download The Power Of Now

realize that you not only have the ability to find yourself, you have the ability to free yourself. Whether you choose to do so or not is entirely up to you. But upon completion of your journey through these chapters, there will be no

Where To Download The Power Of Now

more confusion, no more lack of empowerment, and no more blaming others. You will know exactly what must be done. And should you choose to devote yourself to the ongoing journey of self-realization, you will develop a

Where To Download The Power Of Now

tremendous sense of respect for who you really are. It is only then that you will come to appreciate the full depth of meaning in the advice: "This above all: to thine own self be true."

Eckhart Tolle is perhaps the most popular spiritual guru in the world. His books have topped the New York Times Bestseller List, and his core teaching-achievement of liberation via the power of Now-has become the "guiding light" of the New Age

movement. But according to L. Ron Gardner, author of *Beyond the Power of Now*, there is a problem—a big problem—with Tolle's core teaching: Tolle never explains what, exactly, the power of Now is. Is it the same thing as Hindu Shakti or the Buddhist

Where To Download The Power Of Now

Sambhogakaya or the Christian Holy Spirit? Tolle doesn't say. He continually refers to the Bible and Jesus in his book, but, shockingly, never once mentions the Holy Spirit and how it relates to the Power of Now. L. Ron makes it clear that the true Power of Now is the

Where To Download The Power Of Now

Holy Spirit, which is the same divine Light-energy as Hindu Shakti and the Buddhist Sambhogakaya. He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it. To some, Eckhart Tolle is a New Age visionary,

Where To Download The Power Of Now

describing a "new earth" that can materialize if mankind, en masse, awakens to the power of Now. But according to L. Ron Gardner, he is simply a histrionic ranter full of empty rhetoric. Throughout this book, L. Ron continually points out, from different angles,

Where To Download The Power Of Now

the folly of Tolle's New (or Now) Age chimera and describes the social system that represents mankind's sociopolitical salvation. Beyond Tolle's teaching about the power of Now and rhetoric about a "new earth," L. Ron takes the renowned guru to task on virtually every

Where To Download The Power Of Now

subject he addresses.

Most significantly, he rebuts his arguments that: 1) emotions can be trusted more than thought; 2) time is a mind-created illusion; 3) psychological time is insanity; 4) the present moment is the Now; 5) the "inner" body is the direct link to the Now; 6) your

cells stop aging when you live in the Now; 7) women are spiritually more evolved than men; and 8) animals such as ducks and cats are Zen masters.
