Like a personal trainer for the digital age, Abby Stokes is the hand-holding, motivating expert that newbies—specifically older newbies—turn to when they want to become digitally literate. And her book, Is This Thing On?, is as smart, comprehensive, reassuring, and jargon-free as she is: the epitome of user-friendly. And it is now completely revised and updated to keep pace with the fast-changing digital landscape, covering tablets, apps, video streaming, social media, and much more. With the skill and assurance of a teacher who for over 20 years has personally taught computer skills to thousands of seniors and technophobes, Stokes covers it all: How to choose, buy, and start using the computer or tablet that's just right for you, plus how to set everything up for maximum comfort and safety. How to connect to the Internet, sign up for email, understand and use search engines, and get started with essential skills like word processing and text messaging. How to choose, buy, and start using a smartphone. How to take and share digital photographs and videos. How to discover online communities and participate in social media like Facebook, Instagram, Pinterest, Twitter, YouTube, and blogs. How to explore the world of apps, online music, streaming movies, and ebooks. And, importantly, online security— including what to do when things go wrong. Appendices include both Apple and PC keyboard shortcuts and 200 recommended websites and 100 apps; there are FAQs at the end of each chapter and tips and tricks throughout. An all-new companion website—AskAbbyStokes.com—will include video tutorials explaining the latest technologies.

General layout: Chapter openers present the tasks covered with associated page numbers to help readers find material fast The format allows flexibility for presenting material in a larger size Minimal front matter No extraneous elements such as sidebars and text on parts pages Short introduction with standard headings

"Windows 10 for Seniors is the ideal book for seniors who have worked with an earlier version of Windows on a desktop or laptop computer and want to get started right away with Windows 10. All of the most important topics are covered, such as using the Internet safely, sending and receiving email and working with files and folders. You will also learn how to organize and view photos and videos and listen to music in Windows 10. Step by step, in your own tempo, you will get acquainted with the new and renewed programs in Windows 10. You will get familiar with the new Start menu and learn how to adjust the settings to make Windows 10 easier and more comfortable to work with. The book contains additional exercises to repeat and reinforce everything you have learned. Instructional videos are also available on the website that accompanies this book. They explain how to perform specific tasks"--

The bestselling guide--now in a new edition A computer provides a great resource for learning new things and keeping in touch with family and friends, but it may seem intimidating at first. The bestselling Computers For Seniors For Dummies is here to help the 50+ set conquer and overcome any uncertainty with clear-cut, easy-to-understand guidance on how to confidently navigate your computer and the Windows 10 operating system. Featuring large text and images, it's never been easier for seniors to smoothly click their way around a new PC. Even if you don't know a mouse from a megabyte, this book walks you through all the steps to choosing, setting up, and successfully using your new computer. Begin with learning how to turn the computer on and use the keyboard, and from there you'll progress to effortlessly finding your way around the new Windows 10 operating system. Explore all you can do with a computer: Research topics of interest Keep in touch with loved ones Shop securely online Find recipes and diet tips If you've just purchased your first computer and need a plain-English introduction to getting started, Computers For Seniors For Dummies has you covered.

My Online Privacy for Seniors is an exceptionally easy and complete guide to protecting your privacy while you take advantage of the extraordinary resources available to you through the Internet and your mobile devices. It approaches every topic from a senior's point of view, using meaningful examples, step-by-step tasks, large text, close-up screen shots, and a custom full-color interior designed for comfortable reading. Top beginning technology author Jason R. Rich covers all you need to know to: Safely surf the Internet (and gain some control over the ads you're shown) Protect yourself when working with emails Securely handle online banking and shopping Stay safe on social media, and when sharing photos online Safely store data, documents, and files in the cloud Secure your entertainment options Customize security on your smartphone, tablet, PC, or Mac Work with smart appliances and home security tools Protect your children and grandchildren online Take the right steps immediately if you're victimized by cybercrime, identity theft, or an online scam You don't have to avoid today's amazing digital world: you can enrich your life, deepen your connections, and still keep yourself safe.

Welcoming LGBT Residents is the first comprehensive guide to working with LGBT older adults in senior living settings. The LGBT older adult population represents one of the fastest-growing subpopulations within our aging society. Despite the increasing demand for LGBT-affirming services there is an absence of training books for care providers. This dual-purpose text is appropriate for training and as a guide to answer questions that may come up during daily tasks. It is based on the most recent research and includes stories and testimonials from LGBT older adults and providers in the field. Chapters include: LGBT-inclusive intake and conversations; Gender identity and expression; Memory care and LGBT people; Navigating family dynamics; Addressing conflict between residents; Staff opinions, beliefs, and training. This timely book will be of interest to professional care providers, from long-term care nurses and assisted living administrators to staff in retirement communities, as well as students in gerontology, health care administration, and social work courses.

- Over 38 percent of all seniors in the U.S. now use the Internet. - Covers the most popular activities seniors enjoy - Facebook, GoogleSearch, and more!
