Click on Buy Now to get this book and begin to do more productive activities with your new iPad.

If you are like millions of people, then your first email was probably AOL, Juno, or Hotmail. Email as a communication tool, however, has been around since the 60s. Gmail is the most widely used provider today, and if you are using it (or considering using it) there's probably a good reason: it does more than perhaps any other email provider out there. You can make phone calls with Gmail! You can make video calls with Gmail! You can send money to friends with Gmail! There's so much you can do! But how?! This book will show you how. It will also walk you through all the basics. So, if you've never used email in your life, then it will give you all the information you need to get started. If you are ready to get the most out of Gmail, then let's get started! This book is not endorsed by Alphabet, Inc.

After the death of his wife and three depressing years alone, Dr. Martin Dorenbush decided to take control of his destiny and enter the world of online dating. Tackling the intimidating online dating scene head on, his entertaining path of education and happiness is an amazing resource for senior citizens everywhere. Through

personal discovery, education, and eventual coping with the arcane yet fascinating world of social media, his personal story is an uplifting and charming tale that encourages seniors across the nation to embrace the incredible power of online dating and achieve meaningful, romantic relationships. Senior Online Dating: We Are Not Dead Yet takes an upbeat and humorous look at how active seniors can use the wonderful tool of online dating. Filled with excellent tips and advice on how to properly evaluate an online dating site, become a member, compose and submit relevant private data, and how to cope with and establish relationships with desired members, this easy-to-use guide is a complete resource for the sometimes daunting world of online dating. Inspired by a personal determination to go on with life after the death of his wife of forty-one years, Dorenbush developed this fantastic guide specifically for the senior citizens out there who are not yet ready to sit back and wait to decline into their golden years. Factual while remaining

surprisingly humorous, Senior Online Dating is the perfect tool for seniors to get back into the world and possibly reestablish romantic connections through social media.

★★★ Let's get started with iPhone 12 Mini ★★★ Apple proved it can still pull off a surprise in 2020 when it unveiled the iPhone 12 Mini. It's small, surprisingly affordable, and packed with all the powerful features

people expect from an iPhone. But how do you use it?! I'm sure you are excited to use the phone, and maybe you even have! But if you really want to get the most out of your phone, then this guide will help. It skips all the highly technical and advanced stuff and tells you only about the things people actually use! If you are looking for a guide to help you get up and running as quickly as possible, then this book will help. It covers: What's new to iOS 14 The difference between all the phones Using an iPhone that doesn't have a Home button Using Face ID How to add widgets to your Home screen Organizing apps with the App Library Buying, removing, rearranging, updating apps Taking, editing, organizing and sharing photos Apple Services Using Siri Using pre-installed apps like Notes, Calendar, Reminders, and more Making phone calls and sending messages Must have apps And much, much more! Are you ready to start enjoying your new iPhone? Then let's get started! Note: This book is not endorsed by Apple, Inc and should be considered unofficial. It is based on "The Ridiculously Simple Guide to iPhone 12 Mini" but has extra content covering accessibility.

This book gives you the information you need to successfully surf the Web, use multimedia, and send and receive e-mail.

I thought it would be a boring small budget phone, but I was wrong... The iPhone SE 2020 is the smallest, fastest, and cheapest iPhone we've seen for a while now. Apple's most affordable iPhone has finally been updated to the new Apple iPhone SE 2020. Unofficially, SE means special edition, and this phone is indeed

impressive. It's loaded with so many useful features, to a point where your jaw might drop. In this book, I talk about the phone's hidden features, comfort, design and screen quality, performance, camera image quality, and battery life, and more! With this book, you'll learn: Why the iPhone SE 2020 is essentially the classic Apple product. Why everything about this phone feels fluid. Why the iPhone SE 2020 feels like a new iPhone 11 Pro inside the iPhone 8 body. Secret techniques, tips, and tricks to use and improve your iPhone SE 2020 seamlessly. Do you want to know how to: Clean your iPhone the correct way? Switch mobile data and Bluetooth on or off in an instant? Access airplane mode quickly? Check network connection strength? Turn data roaming on or off? Turn Wi-Fi Assist on or off? Use the Control Center for quick access to frequently used settings? Force close non-responding apps? Turn on Low Data Mode to help apps reduce their network data use? Reset your voicemail password? Stop unwanted pop-ups in your browser? Troubleshoot apps for smooth running? Then get this book to solve these and more... It's never been easier to get into the iPhone and the Apple ecosystem with the iPhone SE 2020. If you're new to the iPhone or want to brush up on your skills, GET THIS BOOK TO MASTER THE ART OF THE IPHONE SE 2020.
