*What Makes The Ultimate Online Dating Book Different from Other Books on this Subject? The Ultimate Online Dating Guide: Secrets of How Savvy Women Find Great Matches has a unique twist that sets this book apart from others of its type. Ms. MacGowan came to the conclusion that many of the shortcomings that exist in Internet dating can be resolved by using proven business techniques from the recruiting and hiring of workers. Her skills in attracting the right mate or the right talent are enhanced with extensive background in human resource and skills as a journalist. The Ultimate Online Dating Guide modifies the recruitment tools from business into an easy-to-use guide for "recruiting, selecting and managing" great Internet dates. Why Does The Ultimate Online Dating Book use this Approach? These techniques are shown to be easily adaptable to dating and relationships. They dramatically increase the odds of finding a great match while having an enjoyable, interesting and safe dating experience. The Ultimate Online Dating Guide coaches readers through a step-by-step process of self-discovery that defines what's important to them in a great Internet date and to naturally attract and choose men who share their interests, values, attitudes and personality traits. Ms. MacGowan teaches readers basic principles of advertising and writing. Strategies for finding and choosing men (recruiting and selection) are extensively covered. How to analyze men's behavior to choose the best matches draws on how recruiters analyze human behavior to find the best workers. The Internet is quickly becoming one of the best ways of meeting new dates. Its rapid growth proves that it's not only acceptable but also preferable. Women can broaden their visibility and meet men they wouldn't otherwise have had an opportunity to meet. It's increasingly important to get the right man's attention for successful dating because there are now millions of men browsing these ads. However, women need to learn how to use this wonderful new resource correctly to fully reap its benefits. Internet dating without sound back-up principles can be compared to buying an item on eBay without knowing how to compare prices, assess an item's quality or knowing the strategies of bidding. The Ultimate Online Dating Book Women Approach to Internet Dating After the self-discovery process, the reader develops her ad using her interests in the headline to attract men who share these interests. But many women have trouble with creative writing. Ms. MacGowan shows them how to use advertising headlines from women's magazines to construct an appealing, attention-grabbing headline that attracts men. Ms. MacGowan includes examples of well-written ads for the reader to use as models. A great photo attracts. Tips that get results are covered as well as how to "read" men's photos. The reader also learns how to organize her email responses so she won't get her correspondents mixed up. Next is the advantage of creating "canned" responses that guide her in what to say about herself. She sees them as a timesaver that will provide consistency to her responses to men's emails. "Strip 'em Naked Questions, or Finding the Man beneath the Facade" is an unusual approach to analyzing men's responses. Each serious of questions, there are over 100 to choose from, begins with a hard-hitting discussion of what a woman should think about when she reads, and later, hears a man's answer. She'll learn if he has attitude, personality or behavior problems. Now it's time to learn about "problem" personality types. There are 16 whimsical personalities to avoid, which are described. A practice session reading and critiquing men's ads ties it nicely together in "The Devil's in the Enmales, You've Got Tails."*

*"Own that Guy in 60 days" is quite unlike any of the dating self-help books currently on the market. It offers a fresh new perspective on the age old problem of dating. Rather than being written by "experts by training" who shroud their advice in complex dating and psychological theories, Blake Lavak has written an informative book from the unique position of an "expert by experience." This subtle change in author position, results in a potent and compelling book which is based on his own dating experiences, observations and interpretations. Blake captures the attention of the reader from the start, by writing in an honest, open and humorous way about his dating experiences and observations. He presents a book which is thought provoking, stimulating and motivating. He shares the dating strategies and methods which have been tried and tested by women throughout the ages and brings them to life through four women he considers to be skilled at the dating game. The book challenges prevailing dating advice, which suggests that women take a passive, rather than active, approach to dating. In his book, Blake directly addresses the modern day women's basic confusion which arises from mixed social messages regarding feminism and masculinity. Modern women are encouraged to be masculine in business which equates to being bold, brave and direct, and feminine in their romantic life which equates to being passive, docile, amenable and patient. Blake empowers women to have the confidence to use all of their strengths through interactions containing both feminine and masculine traits, to ultimately get and keep the man of their dreams. In a novel approach, Blake presents both the successes and misfortunes associated with employing the dating techniques he describes. This allows the reader to decide for themselves how they may adapt and employ the techniques. Blake suggests that women who are successful are bold, but that they are simultaneously subtle and thoughtful in how they do it. Some of the techniques Blake describes may appear shocking and provocative, but the psychological and emotional impact they have on men are real, powerful and long lasting. If practiced, the principles contained within his book will encourage you to proactively engage and connect with the dating process differently. If you are unsatisfied with your current dating experiences and achievements, and want to have a dating experience which ends up with the results you want this is the book for you. Dr*
